Data Sharing Agreements

Pursuant to R.S. 17:3914, school systems are required to have a contract or data sharing agreement in place with private vendors that deliver services in order to share personally identifiable student data (PII).

For the 2023-2024 school year, school systems will need to opt-in to any new or expiring data sharing agreements. Please use the [Data Sharing Agreement Tracker](#) for downloading agreements and for uploading agreements with the appropriate approvals.

For questions or concerns with Data Sharing Agreements, contact Idedata@la.gov.

Data Collections: Getting Started

Security

LDOE is undergoing a multi year process to integrate all LDOE data systems with EdLink Security. During this time security will be provisioned for legacy systems through TAS and all systems that are new or have been recently enhanced will be provisioned through EdLink Security.

The [Security Resource Page](#) has information on gaining access to all LDOE data systems.

Teacher Automated Access

LDOE is providing an optional partially automated access process that superintendents may opt into for their school system. This option would allow all classroom teachers in their school system to be granted teacher roles and K-12 permissions in EdLink360 and Canopy (a Professional Learning Platform). Opting into this option would alleviate the volume of individual teacher requests that security coordinators would have to manually review and approve. The below steps must be taken to participate in this option.

- Superintendent's must select the "Opt In" option in EdLink Security for 2024.
- Teachers must create their username and password at My.la.gov.
- Teachers' MyLa User ID must be linked with their Staff ID in eScholar and claimed for 2024.
- School systems must submit the email address of the teacher in the EdLink 360 staff extracts.
 - This step is giving LDOE express permission to grant the Teacher role and K-12 permissions in EdLink 360 and Canopy. This step is in lieu of teacher's requesting their own access and security coordinators reviewing and manually approving the access requests.

For more system enhancements visit our [2023-2024 System Enhancements](#) documentation.

Automatic Linking of Username and Staff ID

EdLink has developed functionality that will help to automatically link a username created by a user with their staff ID. Please follow the [guide](#) for steps to utilize this feature. This process should for NEW STAFF only who do not have an existing eScholar Staff ID record. Staff with existing eScholar records should be manually updated in eScholar Staff ID.

- Ensure your school system has submitted Staff IDs for 2023-2024.
- The purpose of this connection is to verify that a user has a staff ID upon logging in, users only need to link their username to one site within their school system in order to proceed.
- Then the user will select all necessary sites for access in EdLink Security (school system locations or individual schools). This selection is what controls what a user gains access to.

eScholar

LASID Audit # 1

LDOE conducts periodic LASID audits throughout the school year to ensure that each student has only one LASID

Audit Process:

- LDOE identifies potential duplicate LASIDs and drops a file into each district's DM FTP folder on **Oct. 13, 2023**
 - File name: LEA_2023-24_ LASID Resolution1
- Districts should:
 - Review the file
 - Compare the demographic information for the students in the file.
 - Indicate Same or Different in the first column of the spreadsheet to denote whether the students are truly duplicates or if they are actually two separate students.
 - Save the file as **LEACODE_2023-24_ LASID Resolution1_COMPLETE** by **October 17, 2023**
 - Submit the student to eScholar PersonID with the active LASID
 - Make any retirement/split ID updates in applicable systems (EdLink, eSER, etc.)

2023-2024 eScholar Applications

DirectMatch

- LDOE ran the statewide DirectMatch
 - September **SNAP** batch # 6850
 - September **TANF** batch # 6849
 - September **Medicaid Free Lunch** batch #
 - September **Medicaid Reduced Lunch** batch #
- For each DirectMatch run, school systems will be responsible for resolving their near matches, and loading match results into their local systems.

In EdLink, school systems are responsible for ensuring lunch status updates are reported in the **FREE_REDUCED_LUNCH_CODE** field in the **enrollments.tsv** extract and is up to date prior to the student data snapshots (Oct 1 and Feb 1).

Address Matching

September – June:

- LDOE will run the statewide Address matching
 - Students, submitted with addresses to PersonID for ID assignment, will be matched against the addresses of students who were matched to the SNAP file
 - These are the Directly Certified (DC) Extended students i.e. children living in the same household with another child who is receiving SNAP benefits will also be considered as free lunch eligible.
- LDOE will run the Address Matching once a month
 - *Caution: some addresses are apartments/trailers lots that do not include the apartment # or lot #*
- District will resolve their near matches
 - See slides 63-68: [March 29 slide deck](#) [March 29 recording](#)
- LDOE will send each district its Address matched students
 - Districts will manually mark the students as Free Lunch in their local food service system and local SIS

eSER

eSER

- See the [eSER Resources](#) page for known Bugs, Enhancements, Recent Release Notes (reports in progress are noted here), and FAQs.
- The 2023 eSER User Guide Google Site has been posted to the [eSER Resources](#) page.
- Report all questions to systemsupport@la.gov.
- eSER URL: [EdLink Security Applications Menu> Select SER](#)

eSER

- New Report Available: Gifted/ Talented Summary Report
- SER/SIS Cross Check-Users may notice that students populate on the report under the SIS column as “No”. If you have checked your SIS and the students are there, please make a note and move forward in your work. This is a known issue that is currently being addressed. **Update: Resolution is being pushed sometime today. There could be a delay of the report populating around 5 minutes. Please plan accordingly.**
- If new providers cannot be added, make sure the 23-24 EdLink Staff file has been submitted to EdLink 360 reports. While the eScholar staff file may be current, this is not the file eSER reads for Staff. eSER reads the EdLink 360 staff file.
 - To check this yourself, go to <https://registration.edlink.la.gov/Home/Menu> and launch EdLink 360 Reports from the Application Menu.
 - Select Staff>Staff Overview.
 - Filter to your LEA. Use the Staff Counts by Gender and Year Graph.
 - If the last entry is 22-23, the file hasn't been submitted. Contact your data manager.
 - If there is a 23-24 entry, click on the graph.
 - Remove the gender filter, and search for the staff member. Clicking the three lines on the column will allow you to enter a name or staff ID.
 - If the staff member is there, and there has been an overnight sync, the staff member can be added as a provider in eSER. If users don't see the staff member, contact system support.
 - If the staff member is not there, contact your data manager to have the EdLink 360 staff file updated and resubmitted.

eSER Oct 1 IDEA

School Year	Collection Group	Collection End Date
2023-2024	eSER Oct 1 IDEA	10/20/2023

To be counted for IDEA, students must have the following as of 10/2/23

- a current submitted IEP,
- a current evaluation,
- open jurisdiction,
- open SPED activity, and
- open services.

Common Issues that prevent students from being counted:

- The start date for services is after 10/2/2023. **Services must also be created in eSER before the official is run.** Typically, the official is run toward the end of the count month and that date will be communicated to the field.
- A service record wasn't created. Services must be added separately. Only adding services in the IEP will not start a service record .
- SPED activity isn't open. Creating a service record should automatically open SPED activity if it's closed. Verify that SPED activity is open.
- If students still show as Not Counted and a resolution cannot be found, please report the LASID only to systemsupport@la.gov.

Extension Academy (EA) students should be entered with the following:

GRADE_CODE: EA

OPTION_CODE: B

ENTRY_CODE: C4

EXIT_CODE:

- 19 - If the student exited early
- 46 - If the student completed the program

Note: Ensure prior to September 30th, 2022 grad dates have been removed from the students STS BSSY 2021 record.

PK3 & PK4 students via Mixed Provider Delivery Models

If you are submitting PK3 & PK4 students via Mixed Provider Delivery Models to EdLink360, please note the process below.

1. Submit Students to eScholar as grade code 24 at the *700 site.
 - a. Note: The grade code should be the same in eScholar as what is submitted in EdLink360.
2. Submit the Students to EdLink360 (student, student_ext, enrollment, enrollment_ext):
 - a. Grade code: 24
 - b. District Code: Three digits (ex:001)
 - c. School Code: Six digits, this will be the school code of the PK3 or PK4 site. (ex: K01001)

Note:

Snapshot for Mentor Resident Funding collection will be taken on Friday, October 27, 2023; therefore, the last day to submit data to EdLink to be included in this snapshot is Thursday, October 26, 2023. Please ensure that you have submitted all mentors and residents in the staff, staff assignments, and mentor teacher link extracts. Also, please verify that the resident's license is active. This can be verified on the Staff Qualifications dashboard located at Staff/Staff/Staff Qualifications.

Resident and Mentor Teachers

Resident staff are only included if they hold a valid certificate on or before 10/1/2023 and reported as object code 112. Staff may be displayed multiple times if they have more than one object/function code combination. If staff are missing, please ensure they've been submitted in staff, staff assignments, and mentor teacher link extracts.

Staff Vacancy Data: CALENDARS, VACANT STAFF - Demographics, VACANT STAFF - Assignments, VACANT STAFF - Class Schedules

In order to identify staffing vacancies across the state and within school systems, the Department is compiling current teaching vacancy data. It is crucial for the Department to have a complete set of data and understand current realities regarding vacancies; therefore, we are asking school systems to complete the “Vacant Staff” extract in Edlink360 by September 30. The data collected from Edlink360 will be used to support school systems with the recruitment and retention of educators throughout the state, and will be reported to BESE.

Please refer to the [2023-2024 Benchmark Calendar](#) for a list of extracts that should be submitted.

Vacancy Data Reporting in EdLink

In order to identify staffing vacancies across the state and within school systems, the LDOE is compiling current teaching vacancy data. Data managers should work with their vendor(s) to complete the automatic uploads of the “Vacant Staff” extract so that the vacancy data is live in EdLink at the beginning of the school year when schools and systems are filling positions.

It is crucial for the Department to have a complete set of data and understand current realities regarding vacancies; therefore, we are asking school systems to attempt to complete this task, whether automatically or manually, by **September 30** to provide to BESE in October. The snapshot date for the Staff Vacancy Oct 1 Collection is **Friday, November 17, 2023**.

School systems can find the instructions on how to set up the automatic extract on the [Edlink360 Support Page](#).

Please contact systemsupport@la.gov with questions.

Associate Teacher Program Coding

Under [ACT 99](#) of the 2023 Regular Legislative Session and BESE policy, the State of Louisiana now allows elementary and secondary schools to hire candidates holding an associate's degree who are enrolled in a teacher education preparation program to serve as teachers of record.

The authorization for the associate teacher to be a teacher of record is issued by the LEA, not by the LDOE Certification Division.

The participants in the program shall be coded as a teacher (Object Code 112, Function Code 1***) with an Ed_Level_Code of "06" (Associate degree) in the staff_ext extract.

Please reach out to arthur.joffrion@la.gov with questions.
